

SAYS ROACH IS MAN WHO ATTACKED HER

Little Ruth Barkley Identifies Suspect Arrested at Racine as Her Assailant

RUNS SCREAMING TO MOTHER AFTER SEEING MAN IN JAIL

Dramatic Scene Takes Place at Racine on Sunday Night

A dramatic scene was enacted in the county jail at Racine Sunday night when 12 year old Ruth Barkley, pointing to Frank Roach, held on suspicion of being the man who assaulted and beat her near Viola, Wis., on Friday cried: "There is the man," and ran screaming to her mother's arms.

Little Ruth, accompanied by her parents and Sheriff Stry of Richland Center, arrived in Racine at 6:40 o'clock Sunday night. They were immediately taken to the county jail by Sheriff Grover C. Lutter.

Eight Men Lined Up
On their arrival there, they were taken to an ante room, while Sheriff Lutter and his aides set the stage for the drama which followed.

Eight men were lined up in the cell-room, amongst them Roach. The little girl was then led into the room blindfolded. As the blind was removed from her eyes, the child, tense with emotion, scanned the faces of the men before her.

She passed quickly over the first three and as her eyes rested on the fourth man, Roach she swung slightly, then regaining her composure, accused him of being her assailant. Then turning to her mother, as if for protection, she was taken from the room.

Roach did not seem to recognize the child. As she entered the cell-room, he looked at her casually for a moment and then bending his head slightly continued to stare at the floor.

Taken to Cell

As the child pointed her finger at him and accused him of being her assailant, Roach showed no signs of emotion. He lifted his head slightly and looked at her blankly as if he did not comprehend what she was doing.

When the girl was taken from the cell-room, Sheriff Lutter, confronting Roach, asked him if he had anything to say.

"Please take me back to my cell," was the only reply Roach would make.

Roach was returned to his cell where he was held until Monday morning when he was taken to Richland Center, by Sheriff Stry.

Sheriff Stry arrived with a John Doe warrant, charging a serious statutory offense.

Ruth, her parents and Sheriff Stry remained at the county jail at Racine Sunday night, the guests of Sheriff Lutter.

Roach was arrested Saturday noon by Deputy Sheriff Joseph Christensen when he was found hiding in a freight car, partly filled with lumber, on the siding at Cortice.

Questioned by Sheriff Lutter, Roach is said to have admitted being in the neighborhood of Viola on Friday, but denied he had committed the assault.

RUTH BARKLEY, VIOLA AND ALLEGED ASSAILANT

Frank Roach, alleged assailant of Ruth Barkley, thirteen-year-old Viola girl, is today on his way from Racine, where he was arrested and Sunday night identified by the girl, to Richland Center, in the custody of Sheriff Stry. Taking no chances at losing his prisoner, Sheriff Stry is handcuffed to Roach.

FRANCE TO STOP AUSTRIAN UNION WITH GERMANY

Paris Aroused Over Proposed Plebiscite to Decide Question of Merger of the Two Nations

WILL TAKE STEPS TO ENFORCE PEACE PACTS

Treaties Provide for Maintenance of Austrian Independence

PARIS, Oct. 4.—"Important messages" are to be taken to enforce the terms of the treaties with Germany and Austria and prevent a union between those nations, should the proposed Austrian plebiscite decide in favor of the project, according to the foreign office today.

(The Austrian national assembly, on October 1, adopted unanimously a motion calling on the government to carry out within six weeks a plebiscite on the union of Austria with Germany).

Both article eighty of the Versailles treaty and article eighty-eight of the St. Germain treaty provide that Austria's "independence shall be inviolable except with the consent of the council of the league of nations," and Germany is obliged to respect Austria's boundaries as defined in the peace treaty. There has been no suggestion, it is pointed out, that the league of nations would approve a union of Austria and Germany.

Opposition Expected
The passage of the plebiscite resolution by the national assembly had the effect of creating a country-wide agitation for a union with Germany.

It has two distinct groups of supporters, one based on real Pan-Americanism and the other on economic grounds, through the conviction that the country cannot survive as an independent state.

Along with this is another agitation for fusion with Bavaria, involving the secession of that country from Germany and probably with the Catholic German state. The plebiscite resolution, however, provides for a vote on fusion with Germany, thus muzzling the Bavarian movement.

Issue in Election
Union with Germany has been made the outstanding plank of the social-democratic platform in the present election campaign. In opposition to the union will be found a majority of the capitalists and intellectuals, one fearing domination by Germany, France and the other Prussian influence on Indian cultural ambition.

In political circles in Vienna it is admitted that the Tyrol and other Alpine provinces, where the greater part of the peasants are strongly clerical and the monarchist idea is deeply rooted, will take their cue from Bavaria and one effect of the plebiscite resolution is expected to be intensified agitation for fusion with Bavaria. The Vienna newspapers have charged open that this plan is supported, if not inspired by France with the assistance of Hungary. It even is currently reported in diplomatic circles here that the two countries recently effected a formal agreement by which the French would consent to military occupation of Austria by Hungary in the event of a fusion with Germany being attempted.

The whole fusion movement has been watched by the allied representatives here. They generally admit that the plebiscite, if held, will show a majority in favor of union with Germany.

MACSWINEY DOWN TO EIGHTY POUNDS ON 53RD DAY OF STRIKE

LONDON, Oct. 4.—Terence MacSwiney, lord mayor of Cork, passed a fair night at Brixton prison, having had several hours' sleep, but it does not seem to have refreshed him much, said a bulletin by the Irish Self-Determination league. Doctors do not find much change in his condition, except that he is very weary, the bulletin adds. This is the fifty-third day of MacSwiney's hunger strike. MacSwiney's weight is down to eighty pounds.

UNCOVER NEW CLUE TO EXPLOSION

RUSSIAN GOLD REACHING U. S. MAY BE PROPAGANDA FUND OF THE BOLSHEVIKI

WASHINGTON, Oct. 4.—Inquiry into the source of the recent shipment of Russian gold to the United States has been ordered by the department of justice. Belief exists at the department that the gold may be a part of the Russian bolshevik propaganda fund.

Receipt of the shipment, totalling \$339,636, was announced last week by the federal reserve board. This was the first shipment of gold from Russia to the United States since 1916. Officials of the board said today they had not identified the shipment or its consignee. The federal reserve board's statement contained an item merely recording receipt of the gold from "Russia in Europe." Although there are several small provinces of Russia in Europe not under soviet control, federal officials maintained it was not likely they were sending out even a comparatively small consignment of gold because of their financial condition.

CUTTING OF PRICES FEATURES TRADING ON CHICAGO MARKET

Eleven and a Half Cents Decline Recorded in December Delivery

EXCHANGE CLOSES IN DEMORALIZED STATE

Flour Follows Wheat With Cut of 10 to 50 Cents

CHICAGO, ILL., Oct. 4.—Drastic cutting of prices took place in the wheat market today. In some cases as much as 1 1/2 cents a bushel was slashed from values, the December delivery at one time bringing only 1.96 as against 2.07 to 2.07 1/2 at the finish on Saturday. Increased liquidation by holders was in progress, especially from rural sources.

All future deliveries of wheat dropped below \$2.00 a bushel for the first time since the withdrawal of the government guarantee of a minimum price. Export call appeared very slow, and domestic demand was also more or less at a standstill. In this connection, special notice was given to announcement that one of the largest mills in St. Louis had closed down on the lack of orders from buyers.

Other grains as well shared the weakness of wheat. Corn values shrank more than five cents a bushel and oats about two cents.

Acute depression developed at the last, and the market closed semi-demoralized at the lowest prices of the day, showing a net decline of 1 1/2 to 1 3/4, with December 1.95 to 1.95 1/2. In the final trading, the leading feature was not so much aggressive efforts to sell as the early complete absence of buying.

Later there was an unusual absence of support other than from shorts, and with liquidation much in evidence, the market suffered additional big cuts. The close was heavy 1 1/2 to 1 3/4 net lower, with December 1.95 to 1.95 1/2 and March 1.91 to 1.91 1/2.

Below \$2.00 Mark
MINNEAPOLIS, Minn., Oct. 4.—For the first time since the resumption of future trading, wheat futures sold under the \$2.00 mark today. The break in wheat prices sent March options down to \$1.99 1/2 and December to \$2.02. At Saturday's close, March sold at \$2.07 and December 2.11 1/2.

Flour prices continued their downward trend when mills effected a reduction to 10 to 60 cents a barrel for family patents here today. One large mill's quotation was reduced today from \$12.15 to \$11.55 a barrel, while another which lowered its price half a dollar Saturday, made a further cut of ten cents, making its price \$11.30 a barrel. The low wheat market is responsible for the decline, millers said.

WOMAN HAS NARROW ESCAPE FROM DEATH BY ASPHYXIATION

Mrs. Veronica Schelbe Found in Unconscious Condition at Her Home Today

REGAINS CONSCIOUSNESS WHEN TAKEN OUT OF DOORS

Report from Hospital Says that Woman Will Recover

Lying all night in a room which was gradually filling with gas from an open burner, Mrs. Veronica Schelbe, an aged woman residing at 1323 Mississippi street, had a remarkable escape from death by asphyxiation this morning, neighbors arriving on the scene barely in time to avert a tragedy.

Mrs. Schelbe, who is seventy-six years of age, was found lying across a bed in an unconscious condition, having evidently attempted to rise only to be overcome by gas fumes. Dr. Skemp was immediately summoned to the scene, together with the police, who took her to the St. Francis hospital, where it is said she will recover.

According to the reports, Mrs. Schelbe was feeling indisposed and had started to prepare herself some hot lemonade. The supposition is that the flames had gone out after the gas was lighted. The gas fumes were noticed this morning by Mrs. L. C. Nelson, living in another apartment in the house. She immediately notified Marx Borer, a neighbor living next door, who, after investigating and finding that the doors were locked, pried a door open. Mrs. Schelbe regained consciousness on being removed out of doors. A report from Dr. Skemp at the hospital says that she will recover.

FARMHOUSE FIRE TAKES LIVES OF FIVE CHILDREN

MERRILL, Wis., Oct. 4.—Five children were burned to death when fire destroyed the farm home of Ed Nelson at Irma, near here, early today. A sixth child was painfully burned.

The dead are: Harry, aged 14; Edna, 13; Ray, 12; Roland, 10, and Adeline, 5. Lester, the sixth child, lost his right hand as a result of the burns.

The fire started shortly before one o'clock this morning. The six children were sleeping in an upstairs bedroom and their parents occupied a room downstairs.

It is asserted that a lantern left burning in the upper bedroom started the fire.

SUSPECT TAKEN SUNDAY NIGHT AT PITTSBURGH

Brooklyn Man May Furnish Solution to the Mystery is Belief of United States Officials

CLUE MAY LEAD TO ARRESTS IN NEW YORK

Chance Train Companion Tells Authorities of Boasts Made by Radical

PITTSBURGH, Pa., Oct. 4.—Florence Zelenko who was arrested here in a hotel last night charged with having explosives in his possession, was today turned over to agents of the department of justice for interrogation.

To newspapermen Zelenko said he obtained employment with a coal company at Whitmans, W. Va., and left New York September 26. From Whitmans he went to Cincinnati. While in Whitmans, he said he purchased the explosive and fuse to use in the mines and when he left packed it in his suitcase where it had been since that time.

Information obtained from Florence Zelenko of Brooklyn, arrested last night with dynamite in his possession, may lead to a solution of the Wall street explosion, according to police and government agents.

Zelenko was taken at a hotel after a fight with police. He had been enroute from Cincinnati to New York, and remarks on the train to an unidentified man who called the police, brought about his arrest.

Authorities were reticent about their questioning, but it was claimed Zelenko furnished may lead to scores of arrests in Brooklyn and New York. He is alleged to have remarked to a train companion: "Tell them I will have the stuff there tomorrow." Another remark attributed to him as he was being placed in his cell was: "See what we did in Wall street. Next time it will be bigger and more terrible. The last was only a start."

Circumstances are Suspicious

NEW YORK, Oct. 4.—Renewed vigor was instilled today into the investigation of the origin of the mysterious Wall street explosion on September 16, as a result of the arrest at Pittsburgh yesterday of Florence Zelenko.

On learning of Zelenko's arrest in Pittsburgh, where a suitcase filled with dynamite was found in his room, federal agents visited the Brooklyn address he gave when arrested and established these facts:

That Zelenko left his room at 470 Cleveland street, in the foreign section, an hour or more before the disaster;

That he carried a reddish yellow bag;

That he formerly was employed by the Hercules Powder company;

That he left in his room a large quantity of alleged radical Russian literature.

Gloated Over Explosion

Leon Konkel, a steam-fitter, the man who gave the Pittsburgh authorities the information which led to the arrest there of Zelenko, arrived here today from Pittsburgh to tell his story to the federal authorities.

Konkel told agents of the department of justice that while he was traveling from Cincinnati to Pittsburgh with Zelenko the latter informed him that he had explosives in his suitcase and gloated over the Wall street explosion. Konkel said he had him arrested after he had seen dynamite in his traveling companion's suitcase at a Pittsburgh hotel.

If Konkel's information leads to solution of the New York disaster, he is eligible for the \$20,500 rewards offered for tips leading to arrest of the guilty parties.

DEMOCRATIC LEADER APPEALS TO WOMEN TO SUPPORT LEAGUE

Women Paid for the War in Personal Suffering Declares Cox in Dayton Address

CANDIDATE RETURNS FROM 11,000-MILE CAMPAIGN TRIP

Outlines World Plan for Social Service and Justice

DAYTON, O., Oct. 4.—At home from a campaign tour of more than 11,000 miles covering all but three states west of the Mississippi river, Governor James M. Cox today continued his plea for the adoption of the league of nations, the paramount issue of the campaign.

In an address to a body of women today he went into detail why women should support the league, asserting that they have been "the leaders of progress in the world," and declaring that "the war of the women who were made to suffer in the war will pursue Franz Joseph, William II, Nicholas II, and Nicholas Romanoff through all eternity."

Though asserting the monetary cost of the war was \$200,000,000,000, it was the women, he declared, who know what the war really cost, "for they paid the price in personal suffering."

"The league," he said, "not only will prevent war, but will promote progress, and will set up of itself become a clearing-house for international justice and social service."

The governor detailed the following social service and justice program which he asserted member nations of the league will endeavor to carry out:

"Try to secure just treatment of the native inhabitants of territories under their control.

"Try to secure and maintain freedom of communication and of transit, and equitable treatment for the commerce of members of the league.

"Labor together to control and ultimately eradicate disease.

"Set up commissions for the prevention of the illicit traffic in arms, in dangerous drugs, and in women for immoral purposes."

Declaring it fortunate that women for the first time hold the balance of power, the governor said he has no doubt how the women's vote will be cast. He continued: "The women of America will vote to keep our pledge to the 11,000 women whose blood has crimsoned the poppies of Flanders' fields. They will vote for the limitation of armaments, the arbitration of disputes, the amelioration of secret treaties, the acceleration of distress and the elevation of labor conditions to higher standards. They will vote for a league which will convert Christian idealism into the statutes of sound statesmanship and bring to the sons of men a peace that shall cover the earth as the waters cover the sea."

WANDERER ON TRIAL TODAY FOR MURDER OF WIFE AND TRAMP

Officer Bribed Stranger to Attempt Holdup so He Could Kill His Wife

CHICAGO, Ill., Oct. 4.—Lieut. Carl Wanderer went on trial for his life today, charged with the murder of his wife, their unborn child, and a "ragged stranger" whom Wanderer tricked to his death to substantiate a story of an attempted hold-up.

Mrs. Wanderer, a bride of less than a year, and the stranger were killed in the hallway of the Wanderers' apartment. Wanderer said the man attempted to rob them, and then had shot Mrs. Wanderer. According to his story he then shot and killed his wife's assailant.

Investigation traced ownership of both guns to Wanderer. After being held three days he confessed.

He was anxious to return to the army, he said, and was tired of married life, so decided to kill his wife, take her \$1,500 savings and re-enlist.

He hired a poor "bum" to stop the Wanderers as they returned from a movie show and ask for money. To the "ragged stranger," whose body has never been identified, he explained he wanted to play a joke on his wife. For \$5 the man agreed. When he accosted the Wanderers, the lieutenant, according to his confession, drew two guns, killed the stranger and then Mrs. Wanderer.

AT THE THEATERS TODAY

Rivoli—Wallace Reid in "The Dancin' Fool."

Majestic—Mildred Harris Chaplin in "Polly of the Storm Country."

Casino—Edith Roberts in "The Adorable Savage."

Strand—Corinne Griffith in "Human Collateral."

Rialto—Alice Joyce in "The Vengeance of Durand."

RIVOLI

As a cabaret dancer who injects some of the jazz from his system into an antiquated jug business and makes a brilliant success out of it, Wallace Reid proved "hotly entertaining" in his latest photoplay, "The Dancin' Fool." It opened a three day run at the Rivoli theater yesterday.

Mr. Reid has the role of "Ves" Tibbie, fresh from the country, who becomes a clerk for his Uncle Enoch in New York at six dollars a week. Enoch has never heard of typewriters and runs his jug business according to 1850 methods.

Breezy Walke is equally at home as the live wire business man and the graceful dancer. He plays the show-bow novices as an appealing screen hero in the role of Junior, Tully Marshall and Raymond Hatton are also in the cast. "The Dancin' Fool" is one of the best pictures ever made by Wallace Reid.

Savage," delighted an overflowing audience at the Casino yesterday. It is a story of the South Seas by Ralph Stock.

In "The Adorable Savage," Miss Roberts enacts a singularly difficult role. She is first seen as the young American girl of culture and refinement who returns to the Fiji Islands, to her father's plantation, to learn that her mother, who died at her birth, was a native. Appalled at the thought that in her veins flows the blood of the South Seas, she decides to cast off her robe of refinement and try to accustom herself to the semi-savage ways of her mother's people.

Miss Roberts' extreme finesse in the portraying the battle of the bloods, one urging a return to culture and the other a descent to the abyss, proclaims her an artist of the highest type. The struggle between the young American and the native ruler for the hand of Marama lends physical excitement to the story. Miss Roberts is supported by a very good cast, with Jack Peln playing the role of the young American.

BIJOU

The unique personality of Will Rogers is revealed to advantage in his latest production "The Strange Boarder," that opens today at the Bijou. That a man is no less a man but rather more because of a trusting faith in his fellow men, is grippingly told in his new Goldwyn picture.

The story is from the pen of Will Payne in the Saturday Evening Post and will hold the spectator throughout. It is an absorbing story of real life and Will Rogers plays the role of Sam Gardner, a rancher who is double crossed by his friends who persuaded him to enter a deal, the outcome of which proves disastrous for him. Mr. Rogers is supported by a striking cast including Irene Rich, James Mason, Jack Richardson, Jimmy Rogers, son of the popular actor, and Lionel Belmore.

STRAND

Corinne Griffith in "Human Collateral," an intensely dramatic production, will be shown at the Strand today. The picture gives Miss Griffith a chance to display gorgeous gowns and artistry. This picture played the Majestic last evening and was greeted by a large and enthusiastic audience.

RIALTO

Alice Joyce in "The Vengeance of Durand" will be the attraction at the Rialto today only.

Ruth Roland's Beauty Advice

Ruth Roland, that beautiful actress, is famous for her wonderful complexion. When her friends inquired about it, she said, "It's all due to a simple toilet preparation called derwill, which I use twice daily. Any girl or woman can beautify their complexion if they follow my advice. Here it is: Just go to any up-to-date toilet counter and get a bottle of derwill, use it as directed, and let the first application will astonish you. It immediately gives the skin a youthful, rosy-white appearance and clear baby softness so much desired by everyone." Be sure to read the large announcement of Miss Roland soon to appear in this paper, in which she tells how to instantly have a beautiful, rosy-white complexion and soft downy skin every time "Just before to touch." In the meantime try derwill today; you will be delightfully surprised.

OSHKOSH SUSPECTS ARE IDENTIFIED AS NOTORIOUS CROOKS

One of Robber Gang Escaped Prison in Toledo Where He Was Held for Murder

OSHKOSH, Wis., Oct. 4.—That the arrest of three men and three women at Chippewa Falls, suspected of being implicated in the rail on the Exchange bank of Oshkosh, brought the capture of three of the most notorious and clever crooks in the country, developed Sunday. One of the men was positively identified as a murderer and safe-blower long sought by the police. Another was identified as an all-around crook, and the third, it is expected, will also show a criminal record although his identity was not clearly established. The man who claimed he was Edward Rogers, and who is considered the leader and mastermind of a bandit gang of considerable size, is known to be Joseph James Meehan, alias West, who was convicted of murder in the state of Ohio.

Two Chicago detectives were here Sunday to look at the suspects, but they were unable to identify them as criminals wanted in Chicago for any crimes. An official from the Milwaukee police department came here yesterday to take complete Bertillon measurements and finger prints of the prisoners.

Broke Jail in Toledo

TOLDO, Oct. 4.—That D. W. West, murderer, safe-blower and noted bank robber, is under arrest at Oshkosh, Wis., is the word received by Toledo police. West, in company of Albert Leach, Leo Mitchell and Frank Howard, escaped from the jail here last Christmas morning. A rescue party walked through the office door and held up a deputy sheriff, taking his keys from him. When the deputy resisted he was shot. West was waiting transfer to the Ohio penitentiary to serve twenty years for killing David Marion in a disreputable house. The others were held for robbery.

WICHITA, Kas.—There are five men who go wrong to every jail—I do not think this. I know it from statistics. This is the indictment given here by Lieut. Col. Mrs. Stilwell of the Salvation army.

HONOLULU.—Japanese naval and military forces have begun evacuation of Nikolaievsk, Siberia.

HARDING ATTENDS UNVEILING OF WAR MEMORIAL TABLET

MARION, Ohio, Oct. 4.—Senator Harding left Marion today by motor to speak near Fremont, Ohio, seventy miles away, at the dedication of a memorial tablet in honor of soldiers who lost their lives in the world war.

The nominee and his wife started in time to take lunch with Webb C. Hayes, son of former President Rutherford B. Hayes, before the dedication ceremonies. In his prepared address Senator Harding praised the heroism of the American citizens in peace-time patriotism. He did not touch on political issues.

The memorial tablet stands in Hayes Memorial library on a part of the old Hayes estate, and today was selected for the unveiling because it is the birthday of the former president.

EXPORTS DECLINE DURING AUGUST AS IMPORTS INCREASE

WASHINGTON, Oct. 4.—The flow of goods to the United States from Europe continued to increase in August, while shipments from this country across the Atlantic decreased. A department of commerce trade summary today showed that imports from European countries during August totaled \$114,000,000 compared with \$66,000,000 in August a year ago, while exports to Europe aggregated \$293,000,000 as against \$417,000,000 in August 1919. Thus the trade balance for the month in favor of this country was only \$179,000,000.

DEBS PREDICTS GREAT GAINS IN SOCIALIST VOTE

ATLANTA, Ga., Oct. 4.—Great gains for the socialist party in the November elections with a "united party" emerging from the contest, was the word from Eugene V. Debs, socialist nominee for president, given out by members of his campaign committee, who remained here today for a third conference with their leader at the Atlanta federal penitentiary. Discussions of the general campaign situations were said to have marked the executive meeting of the nominee and the committee, headed by Otto F. Brandstetter, secretary.

PROFIT-SHARING SALE NOW ON AT KRUSE'S

Gross Profits To Be Divided With Buying Public for Twelve Days

The Fred W. Kruse profit sharing sale is now on and will run for twelve days more, closing Friday, Oct. 15th. All coats, suits and dresses formerly retailing up to \$100 have been divided into four groups all at a discount ranging from ten to thirty-three and one-third per cent. All coats, suits and dresses retailing over \$100 are offered at a straight twenty per cent discount. All furs and plush coats are offered at straight twenty per cent discount regardless of price. All dress accessories are offered at a saving from fifteen to twenty-five per cent.

The downstairs store contains wonderful bargains in women's misses, and children's coats and dresses, also waists, petticoats, muslin underwear, bathrobes, house dresses and aprons, muslin, and flannelette gowns, etc. The money saving opportunities of this sale are far reaching and will no doubt add hundreds of new and steadfast customers to this store's large clientele throughout the northwest. Every department in the store is now at its best. Fred W. Kruse.—Adv.

The Poor Whites of Porto Rico

Nor was servitude confined to Africans. Spain long used Porto Rico as a penal colony, and when public works no longer required them, the convicts were turned loose to shift for themselves. Most of them took to the mountains, where the "poor white" population is numerous to this day. Yet the later generations are no more criminal than the Australians; if there is much petty thieving, it is natural in a hungry, over-crowded community.

JAPANESE OBJECT OF BANDIT ATTACK ON CHINESE TOWN

TOKIO, Oct. 4.—Japanese troops have been sent to Hun-Chun, in Manchuria, which was raided by bandits Saturday. Reports state the attacking party was composed of Russian, Korean, and Chinese who are bitter against Japan. Ten Japanese were killed and thirty-two wounded, while forty-eight of the bandit party were killed or injured. Vice Consul Akisu was seriously wounded and a score of houses in the Japanese quarter were burned.

SUGAR PRICES AT NEW LOW LEVEL ON NEW YORK MARKET

NEW YORK, Oct. 4.—New low record prices for the year were established in both the raw and refined sugar markets today. Prices were half a cent lower than last week, with raw sugar selling on the basis of 8.51 duty paid, while refined was quoted at 12 1/4 cents a pound by the Federal Sugar Refining company.

Largest Trade School in the World
The Great Lakes Naval station is described by a military authority as the greatest trade school in the world. A class of about one hundred skilled workmen is turned out every three weeks in aviation courses. The plant is valued at between twenty and thirty million dollars yet it is built up almost exclusively of material that

had been "junked" and would have been sold at a sacrifice. There are 3,225 students at this time.

The great majority of Belgian farms are operated by tenants. The United States is the largest coffee consumer in the world.

13 Eggs A Day From 17 Young Pullets

Mrs. Niles Starts 6-months Old Pullets Laying. Tells How.

"Early in November, I bought a package of 17 young pullets. In the first 20 days they laid 136 lovely eggs. All through December I got 11 to 13 eggs a day. Mrs. E. S. Niles, R. F. D. 2, Lescage, Ind.

Mrs. Niles found how to start young pullets laying and keep them laying all winter. The same method helps hens through the moult, and starts them laying. You can test this at our risk.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself, and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.

Don Sung (Chinese for egg-laying) is a genuine tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

Don Sung can be obtained promptly from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail prepaid. Burrell-Dugger Co., 114 Columbia Bldg., Indianapolis, Ind.

DETROIT JEWEL Hot Blast Heater Burns Any Fuel

More Heat—Less Fuel

- Easy to Pay For
- Easy to Care For
- Easy to Buy Fuel For

This heater is reasonably priced and is sold on easy payments by most dealers.

It is easy to care for because it does not require constant replenishing with fuel—it will go unattended for 24 hours. The feed door is large and convenient.

It is easy to buy fuel for because it burns the cheaper fuels such as soft coal and slack as well as hard coal, coke, and wood.

And because of its special construction, it burns smoke soot, and gases, which usually go up the chimney, producing one-third more heat with one-third less fuel.

PUBLIC MISLED ON LEAGUE OF NATIONS WILSON STATEMENT

Nothing in the Covenant to Interfere With Right to Declare War, Says President

FOREIGN NATIONS CANNOT LEAD AMERICA INTO WAR

Executive Brands as False Assertions of Opponents

WASHINGTON, Oct. 4.—President Wilson, urging endorsement at the polls next month of the administration stand on league of nations declared, in a communication addressed to "My Fellow Countrymen," and given out for publication today, that there was nothing in the covenant, which in the least interferes with or impairs the right of congress to declare war or not declare war according to its own independent judgment, as our constitution provides.

The president characterized as absolutely false, "assertions that other nations, under article ten of the league covenant, would be in a position to lead the United States into war. The communication, which was the president's first direct campaign appeal to the public, charged that "you have been grossly misled with regard to the treaty and particularly with regard to the proposed character of the league of nations by those who have assumed the serious responsibility of opposing it."

"The whole world will wait for your verdict in November," the president declared, "as it would wait for an intimation of what its future is to be."

UNBRAKED AUTO BREAKS PLATE GLASS WINDOW

They're patient, docile animals when hitched, but if not hitched, watch out.

Louis Abraham had driven one for a year or two but not until Sunday night did he learn just how capricious a flier can be when the opportunity presents itself.

Louis evidently forgot to put on the brake when he stopped his car, for when he cranked said machine preparatory to starting out on a little journey at 11:15 last night, the auto took a sudden notion to go in and see Superintendent Dewey and forthwith plunged across the sidewalk and into a plate glass window of the Rescue Mission.

A nimble side-step was all that saved Louis from being run over by his own Lizzie. Had he but known it, a little arm pressure exerted on the front of the car would have stopped the machine. It has been done.

As it is, Louis has a bill for one plate glass window five by eight feet in size to settle.

"IN THE PUBLIC EYE"

IF your child in school is not progressing properly with his studies the chances are that his eyes should be examined for possible eye defects that can be remedied by wearing glasses. If you no longer enjoy reading your daily paper and your distance vision is also slightly impaired you should also have a competent optometrist examine into the cause and prescribe the glasses that will restore your vision.

SIMPLICITY MARKS FUNERAL SERVICES FOR CRANE TODAY

Declare Holiday in Home Town in Respect to Memory of ex-Senator

DALTON, Mass., Oct. 4.—A simplicity in keeping with his way of life marked the funeral today of W. Murray Crane, former United States senator, ex-governor of Massachusetts and millionaire manufacturer. The body in a flower-banked casket lay in the hall of the great house on the hill while neighbors, mill workers, leaders of industry, politics and finance, and other friends, streamed past for a farewell view. There followed a service of scripture reading, hymn recitals and prayer, after which church bells tolled, and the family, assembled in private in the village cemetery, a short distance from the Crane estate, listened to the burial ritual. There was no hint of enology except possibly in the prayer, and no music of any kind.

As a mark of respect to the memory of Mr. Crane, a holiday had been declared for most of the workers of Dalton and Pittsfield.

Governor Coolidge, Lieutenant Governor Cox, members of the governor's staff, executive councillors and legislators came from Boston.

Rev. Ambrose Murphy, of St. James church, this morning announced the beginning of forty hours of devotion at his church tomorrow morning at 8 o'clock. The devotions will continue until Thursday evening.

Conducting the services each of the three days will be out-of-town priests, Rev. A. B. C. Dunne of Eau Claire, well-known in La Crosse, will officiate Tuesday evening; Rev. Eugene Kernan of Reedsburg on Wednesday evening, and the final evening will be in charge of Rev. J. Howard Browne. Rising Sun.

GIRL SOUGHT HERE LAST HEARD FROM IN MONTH OF APRIL

Father in Edgewater, Col., Writes for News of Miss Lillian Brotman

Ben Brotman of Edgewater, Col., is seeking trace in La Crosse of his daughter, Miss Lillian Brotman, who is known to have been in this city in April of last year.

"I received a letter from her in April and she said she was going to write to me in the next letter where she was going from La Crosse, but I have not heard from her since," he writes from Edgewater to the Tribune and Leader-Press.

"I used to hear from her every week, and maybe something has happened to her. I wish to ask you to be so kind as to help me find my daughter and let me know at this address: Ben Brotman, Edgewater, Col. Box 629."

FEDERAL COURT TERM ADJOURNED UNTIL NOVEMBER

Clerk Harrison Receives Notification that Session Will Convene on Sixteenth

The fall term of United States court will not be held in La Crosse until the latter part of November.

Clerk of the United States Court Alfred Harrison today received notification to adjourn the October term of Federal court here from October 5 to November 16. Postponement was taken because of the illness of Judge A. L. Sanborn.

SAVING THE FLAMINGO FROM EXTINCTION

Steps have been taken to prevent the threatened extinction of the flamingo of the Bahamas, which are sometimes referred to as the bird of mystery, owing to its habit of seeking very secluded places for its colonies and to the difficulties which have been experienced by scientists in getting near them for observation. After persistent efforts this has been accomplished and recently, under the patronage of the Miami Aquarium association of the Bahamas an expedition was sent fully equipped for gathering data and information about the strange birds. Several colonies were located and much information concerning their habits was gleaned. The expedition was sent out on a yacht with a number of small boats by which the members were enabled to penetrate into parts where white men were strangers. Moving pictures were made of the birds in their native element and other material of great interest secured.

WARNERS ENJOY THE PASSING OF GOLDEN WEDDING

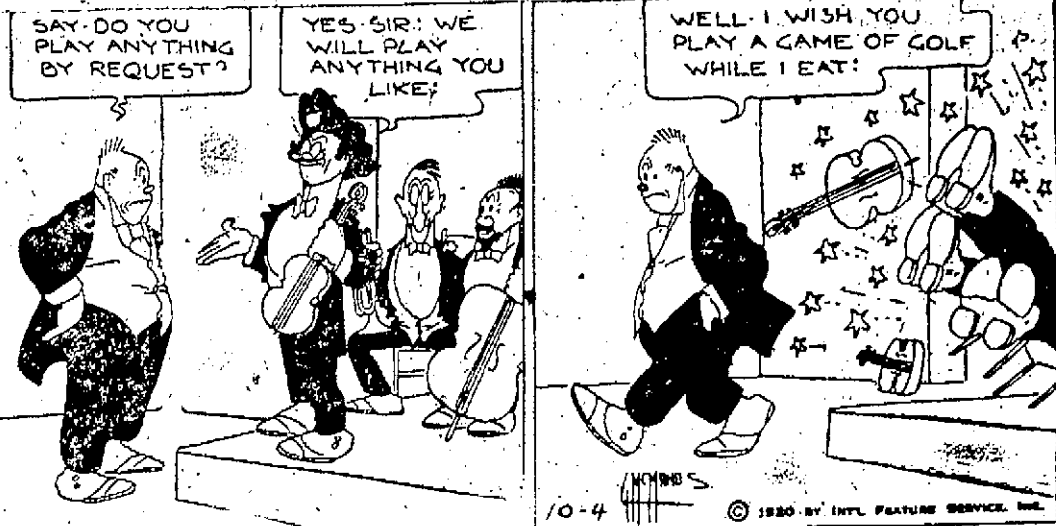

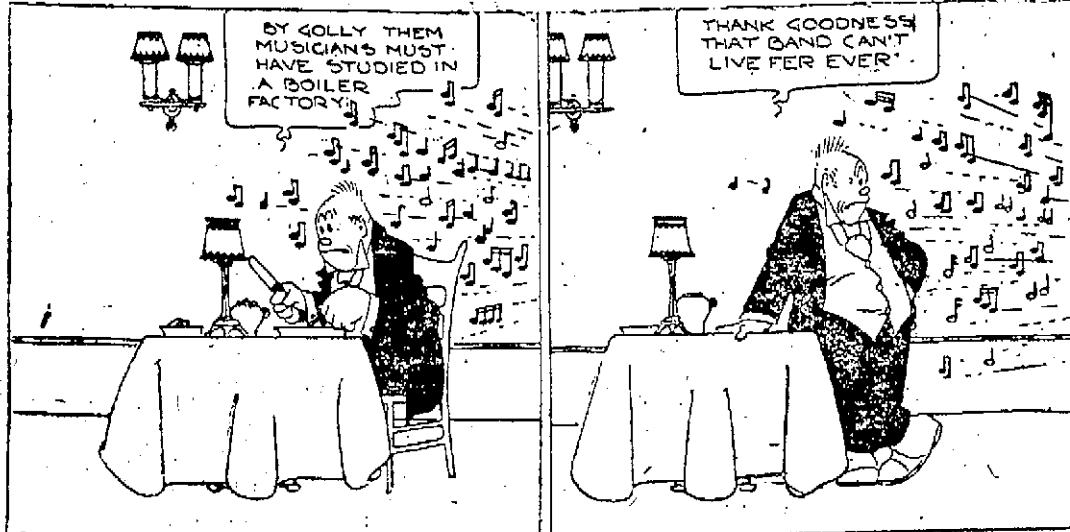

A Party of Friends Surprise Them With Program, Gifts and Refreshments

SPARTA, Wis., Oct. 4.—Word has been received in the city that Mr. and Mrs. John Warner, former residents of Sparta, recently celebrated their golden wedding anniversary at their home in Mentone, California.

Fifty years ago they were among the most highly esteemed of Sparta's young society folks, and after their marriage, made their home here for several years.

Mr. John Warner and Miss Frances Gries were united in marriage in Sparta, in the old Congregational church, by Rev. John M. Carmichael, then pastor of the local church. For many years, Mr. Warner was in business here, and they then moved to Mentone. They had planned, it seems, to spend their wedding anniversary day by themselves, living over past happy events, but to the surprise of their friends and neighbors, came in a body to surprise them and give them a happy evening. The guests decorated the home with cut flowers, and a fine musical program was given consisting of vocal and instrumental numbers, and harp and guitar selections. Mr. and Mrs. Warner were presented with a gift of

BRINGING UP FATHER

gold, after which refreshments were served and a social hour was enjoyed.

Theodore L. Livengood and Miss Marion L. Paulson were united in marriage at the Methodist church parsonage, Wednesday noon, September 29, Rev. E. E. North performing the ceremony. The attending couple was Miss Ada Paulson, sister of the bride, and Mr. Glen Bailey. Mr. and Mrs. Livengood will reside on a farm in the town of Little Falls.

Miss Gertrude Stannard and Mr. George Burke were united in marriage on Wednesday in Winona by Judge Loober. They were accompanied by Miss Margaret Burke, sister of the

bride-groom, and Mr. Charles Baumbach.

The bride is a daughter of Mr. and Mrs. George Stannard and a graduate of Sparta High school. The bride-groom is employed by Mr. Stannard in sign painting and billboard advertising. Mr. and Mrs. Burke will be at home at 526 Jefferson avenue.

Mrs. Myrtle Meals and Mr. Henry McCoy were united in marriage, Wednesday evening of last week, at the home of the bride's grandmother, Mrs. Baker, at Calmar. Rev. E. E. North, pastor of the M. E. church of Sparta, performed the ceremony.

Mr. and Mrs. McCoy will establish

their home on a farm near Gordon Wis.

The C. and B. club met Tuesday afternoon with Mrs. H. W. Barker. Mrs. R. E. Graves entertained the Bridge club Wednesday afternoon at her home on Pearl street.

Mrs. Harvey Kehl entertained a sewing circle Tuesday afternoon.

The Ladies' Auxiliary to the John W. Lynn Post met Saturday, October 2, with Mrs. Henry Bell on Wolcott street. The business meeting was followed by a social hour and a picnic supper.

A number of the friends of Mrs.

Ole Gustad had a farewell party at her home on Friday afternoon. Mrs. Gustad expects to move to Iowa in the near future, where she will take up her residence.

Robert Barney entertained ten of his boy friends at dinner Monday night, the occasion being his four-

teenth birthday. The company then formed a party at the Bell theater.

On Wednesday evening of last week, about thirty friends gave a surprise party for Mrs. O. S. Gustad at the home of Mrs. Anna Abrahamson, East Main street. A picnic supper was served and a general good

time was enjoyed.

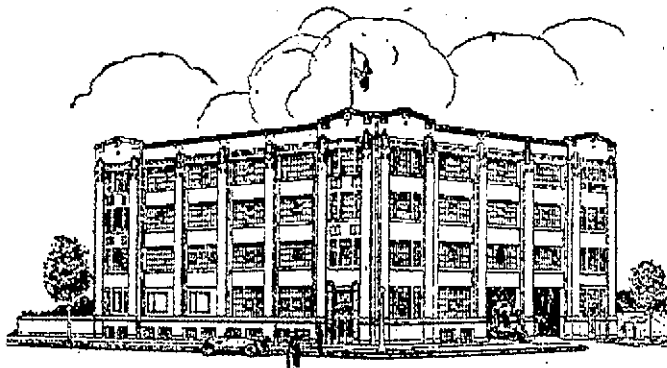

Evelyn Howard was hostess to a dozen little friends Sunday afternoon, to celebrate her eighth birthday. Games were played and refreshments were enjoyed.

The Entre Nous club met with Mrs. Harley Jefferson, Tuesday afternoon.

30 Years a Butter Expert

Now he perfects Troco flavor

All will agree that no food product is more inviting, more wholesome, more nutritious than the snowy coconut fat from which Troco is made. Coconuts are the principal food of healthy tropic races.

This new plant is equipped with every possible facility. Sanitary conditions are ideal.

Working in this perfected plant, Mr. Hoffman has full scope for his ability.

Made from the finest materials

All milk used in churning Troco comes from inspected herds. Snowy coconut fat, expressed from the white meat of coconuts, is imported from the Tropics.

Both milk and coconut fat are handled in the most scientific way possible. This is made possible by our unequalled facilities. The flavoring culture is perfected in the Troco laboratories by Mr. Hoffman.

Result—fancy Troco, perfected Troco, standardized Troco, which every user will thoroughly enjoy.

Pay a few cents more

Troco is the fancy brand of nut margarine. So naturally it may always cost a few cents more.

We cannot maintain such quality and meet price competition. But we can assure you of the perfection of every pound.

NOTICE

Regarding Mr. Hoffman's services. Up to the time of his connection with the Troco Co. Mr. Hoffman's advice and counsel was greatly in demand by Agricultural Colleges, Dairy Schools and Associations, Educational Organizations, Women's Clubs, etc. We wish him to continue this good work and his services will still be available for this purpose, with the hearty co-operation of this company.

Ask your dealer for Troco. If he hasn't it in stock, have him order it for you. You can't buy greater sweetness or delicacy, nor higher food value, no matter what price you pay. Order Troco today.

Made in new model plant

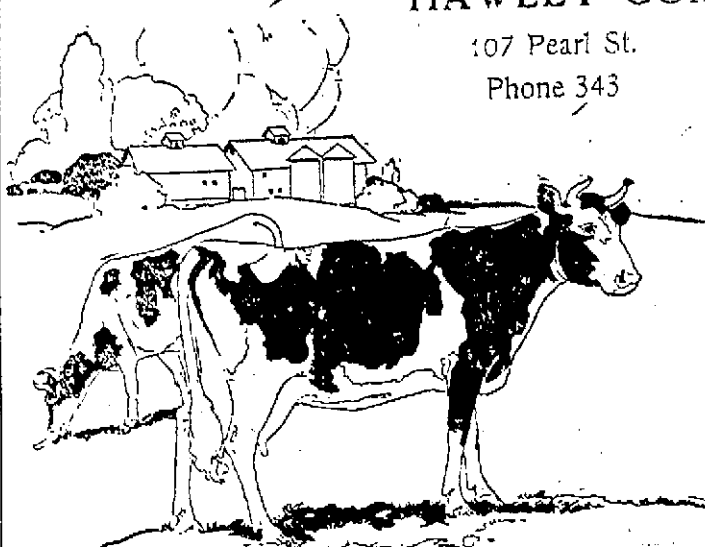

We have provided Mr. Hoffman with every possible help in his work of perfecting Troco.

We have built a splendid new plant, designed solely for the production of de-luxe margarine.

K. C. OFFERS FIVE MILLION WAR FUND TO AMERICAN LEGION

Gift Makes Possible Erection of War Memorial Building at Washington

FUND IS BALANCE OF WAR FUND RAISED BY THE K. C.

Building to be Headquarters of Soldier Societies

CHICAGO, Oct. 4.—The Knights of Columbus yesterday, at the final session of the supreme board of directors in the Congress hotel, decided to offer the American Legion \$5,000,000 for the erection of an American Legion war memorial and public welfare building in Washington, D. C. The sum constitutes the balance of the Knights of Columbus war fund, the knights having made provision for their general reconstruction work of employment and education for former service men.

\$40,000,000 War Fund
In a formal statement concerning this offer of the largest amount of war relief money assigned to a single purpose, the Knights of Colum-

bus state they received approximately \$40,000,000 from members of their organization and the general public welfare work and that in providing and maintaining camp buildings, huts, service and employment bureaus, vocational schools and scholarships they have fulfilled the wishes of the donors of the relief fund.

There is to be an auditorium in the Washington building capable of accommodating 20,000 persons. Headquarters are to be provided for the Veterans of Foreign Wars, the G. A. R., the Spanish War Veterans, and any other societies of similar purpose, if room can be found.

If possible a hall will be reserved for the government, to be used as a permanent war trophies exhibit room.

Legion to Control Memorial
"The building will be a memorial to our hero dead and an inspiration to the living and to future generations," says a statement issued by the organization.

The title to the building will be vested solely in the American Legion, and the building will be governed by a board of trustees. The offer is open to the Legion up to July 1, 1921. In case the legion accepts, and by any possibility ceases to exist, the building and the land revert to the nation for such purpose as the senate shall determine.

TOMAH, Wis.—The Tomah Equity Shipping and Elevator association, recently incorporated with a capital stock of \$20,000, is about to begin business having purchased the elevator of J. Mosher. The property was transferred this week and the association will take over the management today. They will buy and ship farm produce of all kinds and will handle farm supplies of different kinds.

The officers of the association are as follows:
President—W. E. Bolton.
Vice Pres.—George Prell.
Secretary—Geo. Falkner.
Directors—C. B. Drowatzky, Burton Rieke, Del Chapman, Herman Lenz, J. F. Rieber.

CHICAGO.—Knights of Columbus have offered the American Legion \$5,000,000 with which to build a memorial building in Washington.

La Crosse Folks at University

Among the La Crosse students enrolled at the university this fall are Herbert Wharton, Arthur Nelson, Roger Luock, Melvin Pierce, Junior Rooney, Erwin Blatter, William Walker, Rudolph Schlabach, Tom Stavrum, Adolph Youngberg, George Kreutz, William Wagner, George Olson, George Bunge, Ralph Scott, Arne Gorder, George Layman, Harold Youngberg, Earl Hirschelmer, George Baum, Walter Baum, Harold Grider and John Dickens.

George Bunge was one of the few Wisconsin men to play the entire game against Lawrence college last Saturday in the 60 to 0 victory. Ralph Scott played all but two minutes at the end of the first half. Both men put up a good offensive and defensive game.

Although no manager for the football team has been elected as yet, it seems certain that Ellis will be elected Tom Stavrum of La Crosse named first assistant. Ellis is a senior and as Stavrum is an underclassman he will be in line for the job as manager next season.

Earl Hirschelmer of La Crosse attended a meeting of university golf fans called for the purpose of deciding whether Wisconsin should be represented at the conference golf tour-

namment to be held at Chicago some time this month. No definite action was taken although the majority of the students present favored representation. Final decision in the matter will be made by the athletic council.

George Kreutz is doing work at the state capital in addition to pursuing his studies in medicine at the university.

A number of La Crosse students took part in the annual class rush on Saturday which was forfeited to the freshmen because the sophs jumped the gun and captured the bags before the frosh got a good start. A plan is being considered to hold the rush over next Saturday as both classes are claiming victory.

Otto Endres' Madison high school football team defeated the Stoughton eleven at Stoughton by a score of 14 to 0.

Trig Gundersen of La Crosse has been pledged to Beta Theta Pi.

Miss Jennie Dixon, daughter of Rev. E. C. Dixon of La Crosse, is enrolled at the university this fall. She attended Lawrence college last year.

Ralph Emmelt, La Crosse Normal graduate, and Rudolph Schlabach of La Crosse, who played fullback on Ohio Wesleyan football team before coming to Wisconsin, are both members of the Phi Alpha Delta football team scheduled to meet Phi Delta Phi some time this month.

Miss Marion Neprud, La Crosse

high and university graduate who completed work in her master's degree last year, is student secretary of the Memorial Lutheran church at Madison.

Albert Seidstad, La Crosse man who graduated from Wisconsin last June, is employed at the General Electric company at Schenectady, New York. Seidstad is taking a course of study in accounting which the company offers to university men in addition to carrying his regular work.

Fred ("Fritz") Layman, well known La Crosse young man who graduated from the La Crosse high school where he starred on football and basketball teams, has been appointed a Rhodes scholar to represent the state of Wyoming, according to word received by his brother, George Layman, who is attending the University of Wisconsin.

After graduating from high school Layman went west to enter Wyoming university where he led football and basketball teams for the last few years. In the service he secured a commission in the artillery.

Drill Point Gauge

An English tool novelty recently introduced into this country is a gauge by which the proper sharpening of a drill point may be done. This gauge provides means whereby the angle points of twist drills may be tested for accuracy against light. A bronze stamping or right angle form is pro-

vided, the twist drill being held in the corner thus formed and gauged against the outline presented by the projecting piece which is cut and formed from the sheet metal. Gauge is made in three sizes and is said to show an error of 0.001 inch.

To Have Curly, Wavy Hair Like "Nature's Own"

Women who have trouble keeping their hair in curl, or of securing the desired wavy effect—and especially those who realize the harm that the hot iron does to the hair—will do well to try plain liquid silencing. In no other way can they acquire such pretty waves and curls, having all the appearance of "Nature's own." And the hair, instead of being singed, ragged or dead looking, has such a lively lustre and wholesome beauty.

If one will get a bottle of liquid silencing at any drug store and follow the accompanying directions, she will be simply delighted with the result. This product is of course perfectly harmless and there is nothing sticky, greasy or unpleasant about it. The hair will be quite manageable, no matter in what fashion it is done up.
